 SPECIAL RELAYS
 RING BOUY TOSS
 BROOM BALANCE
 VOLLEYBALL
 CABIN #1

Rich Turiel
 Paul Warshau
 Cliff Hawkin
 Jeff Fortin
 Curt Calkins
 Mike Lurie
 Rob Gerowitz

WATERFRONT FESTIVAL EVENTS:

GREASED WATERMELON: Contest between the piers as one team attempts to move a greased watermelon to the opposing team's pier. One for all and all for one. Anything goes.

PLAYAK RACES: Two boys from one team challenge two boys from another in a playak relay at the ski dock.

FRISBEE CHALLENGE: Two boys from a team attempt to make as many successful throws and catches as they can in a period of one minute. One boy stands on the raft, and the other stands on the end of the near pier.

RING BOUY TOSS: Two boys from a team challenge two boys from another team in a contest demanding both speed and accuracy. This event meets between the shore and the boat pier.

DISROBING RACE: Two boys from each team must come prepared with shoes, long pants, and a long sleeve sweatshirt (items will get very wet!). Both boys should bring those items. Race will be held between the raft and the boat pier.

PLAYAK BALANCE: Two boys from the same team toss a flickerball back and forth as many times as they can in the period of one minute. They will be twenty feet apart. The first time they will be balanced with either their knees or their feet on an upside down playak. The second round they will be seated in a floating playak. This event will meet on the far side of the raft.

BROOM BALANCE: On the shore, two members of the same team are perched one on the other's shoulders. The top man balances a broom as long as he can. Last broom up is the winner.

LAKE STRATTON WATER FILL: Two boys from one team try to fill a large can with water before two boys from another team can accomplish the same task.

FREESTYLE RACE: Two boys from one team challenge two boys from another to a freestyle relay between the pier and the outer rope of the swimmer's area.

VOLLEYBALL: On the beach, four boys from one team challenge four from another to a mini-volleyball contest.

SPECIAL RELAYS: Egg and spoon relay, lighted candle relay, cup balance relay and a few others pit two boys from one team against two from another.

CANOE CHALLENGE: Two boys in a canoe race. The bow and the stern will switch positions on every whistle. Meet at the ski dock.

CANOE TUG: Four boys in a canoe will all have paddles as they try to pull their opponents across in a tug of war with canoes.

See next page for a schedule of times and locations for events.
