The Tribes Program was an ongoing activity that lasted during the first four weeks. Activities such as Bailing and Boating, Las Vegas Live, Combination games, and Moment of Madness were incorporated as part of the Tribes program. CITs were placed in charge of their teams as "Sachems."

Who will forget Sagamore Night leading up to the tribes program? Or brave **Gregg Feinstein** trying to light the "magic fire?" Can you still see those wild Indians that appeared from across the lake, cold and damp, breathing fire, looking for a few brave CITs to lead the camp in their absence? It was a great program; congratulations to all team members.
